Thurs. - May 12, 2016

3:00 – 5:00 pm

Location: Transportation Center, Chambers Hall – 600 Foster, Evanston
Lower Level – Ruan Conference Center

BIO: As General Counsel, Myles Lloyd Tobin is responsible for directing the project's legal affairs and providing counsel on all significant legal issues. He has more than 30 years of legal expertise in mergers and acquisitions, railroad regulatory compliance and commercial transactions. Mr. Tobin's extensive experience ranges from representing Fortune 1000 companies as a former partner at Chicago-based law firm, Fletcher & Sippel LLC, to having provided legal counsel to the \$4 billion transportation company, Canadian National Railway.

Most recently, Mr. Tobin served as partner in the law firm of Fletcher and Sippel LLC. He also previously served as Vice President of U.S. Legal Affairs for Canadian National Railway, where he counseled senior executives and directed the legal affairs for 40 U.S. subsidiaries ranging from land acquisition companies, bulk terminals and equipment leasing companies to several large and medium-sized railroads, including Illinois Central, Grand Trunk Western and Chicago Central & Pacific. He also negotiated business and legal terms for the company's \$1.6 billion merger agreement with Illinois Central Railroad. Prior to Canadian National Railway's merger with Illinois Central Railroad, Tobin served Illinois Central for nine years, ultimately as General Counsel. Mr. Tobin also served as counsel for the Chicago and North Western Transportation Company where he handled corporate and regulatory activities.

Mr. Tobin holds a Juris Doctorate degree from Northwestern University School of Law and a bachelor's degree in political science from Northwestern University. He is admitted to legal practice in the U.S. Supreme Court, the courts of the State of Illinois, the Seventh Circuit Court of Appeals and numerous other state and federal courts.

About All Aboard Florida: All Aboard Florida is the only privately owned, operated, and financed project of its kind being developed in the United States today. All Aboard Florida's 235-mile network of rail lines will connect South Florida to Central Florida by operating on the existing Florida East Coast (FEC) corridor and creating new tracks to Orlando. The unprecedented infrastructure project will provide a vital new service for Florida residents, business people, and visitors and will eliminate more than three million car trips from the region's roadways each year. All Aboard Florida is a part of Florida East Coast Industries, parent company of successful operations in real estate, transportation and infrastructure.
